

## EXCHANGE COMPANIES

There are a number of agencies that do exchanges. You will need to contact the companies directly for more details on their policies, areas of access and exchange fees.

**RCI** 1-800-338-7777 or www.rci.com  
**Dial An Exchange** 1-800-468-1799 or www.daalive.com

We encourage you to reserve your week a minimum of three months before your season, which will allow increased flexibility of your booking within your season. You may book up to one year prior to your check-in date. The further ahead you reserve, the better your opportunities for a successful exchange.

We also want to remind you that maintenance fees were due January 31, 2008 as per your invoice. Any outstanding balances will be charged interest. Owners with outstanding fees will have their usage restricted at their Home Resort and RCI until outstanding fees are paid.

If you are contacted by an unsolicited resale/rental company, please ensure you investigate them. We have heard from members who have lost thousands of dollars “listing” their programs for sale without investigating these companies. Some of these companies offer a one-year guarantee on resale, but do not exist at the one-year time period. A call to the Better Business Bureau is always a safe bet. Remember – if it sounds too good to be true, it generally is.

# ESCAPE TO LOVERS BEACH, CABO SAN LUCAS

Playa del Amor, also known as the infamous Lovers Beach, is one of the most desired hot spots for all to visit when in Cabo San Lucas. Lovers Beach, evidently given its name due to the ideal beach conditions and beautiful location, hides where the breathtaking Sea of Cortez meets the mighty Pacific Ocean. Whether it's a romantic proposal destination, or a family day-trip you crave, Lovers Beach will be sure not to disappoint.

The admirable hidden cove of Lovers Beach is in very close proximity to the well-known El Arco. These unique wind and water stricken rock formations provide protection and seclusion for the gentle sloped, pristine beach. Although difficult to arrive by foot, there are many friendly local boatmen happy to transport those who wish from the Cabo San Lucas Marina by water taxi. They will be happy to guide an informative tour of the coastal area all for a low pre-determined price. Unless it's a challenge you seek, a short hike from Playa Solmar, along the jagged rocks will also take you to the desired Lovers Beach in no time, but do so at your own risk. Be sure to pack plenty of water and perhaps a picnic lunch as there are no beach facilities due to the secluded and unspoiled nature of Lovers Beach.

Upon arrival there is an entire days worth of activities and sightseeing to be done. You will be sure to see the unique rock formations some say to be shaped like Scooby Doo or Neptune's Finger and maybe even a few seals sunning upon them. You may also be able to enjoy plentiful schools of tropical fish or other marine life by snorkeling or kayaking along the bay. If it is water sports that you seek, be sure to rent snorkeling equipment, a canoe, a Jet Ski or a sea kayak before arrival.

Keep your eyes peeled for any whales that might emerge from the sea, or watch the fierce wave's crash against the jagged rocks of Lovers Beach counter part, the dangerous Divorce Beach.

Whether you prefer relaxing on the soft white sands, swimming in the warm turquoise seas, or enjoying the romantic sunsets, there is no time to waste when visiting the main jewel of Cabo San Lucas, the charming Lovers Beach.
